Lina was found peddling for money & food on the streets of Phnom Penh, Cambodia. Without parents or family to care for her, Lina was very much on her own trying to survive in a big city. She was found by **IBH**, rescued & placed in Lydia's Family. Lina is growing up to be a sweet girl who has the love & security of family. She now has the opportunity to attend school, which she loves. God is so good!

GRACE'S STORY

Grace was born on November 2, 2015. Early on in the pregnancy, her teenage mom & grandma left their village & made their way to a bigger city in search of an abortion clinic. The **IBH** house mom, living in this city, came in contact with the young mom & her grandma. After discovering their plan for an abortion she invited them to stay with her to finish out the pregnancy. The **IBH** house mom offered to raise the baby if the young mom was willing to carry out the pregnancy. Thankfully the young mom agreed to this. Today we praise God for Grace!
